

NoRinse – A Revolution in Personal Hygiene!

Amazing new WATERLESS bathing products that really do work!

THE CONVENIENCE of washing your hair and body effectively without using water; means you can literally get washed anywhere you want to! Trips away are no longer prohibitive and when bending is difficult or painful, NoRinse can make the all the difference.

The shampoo was originally created for the NASA space program; since then the company has developed a whole range of WATERLESS bathing products that are effective, gentle on the skin and smell great too.

The products are liquid based (not powders) that do NOT require any water or rinsing, you simply apply, massage to a lather and towel dry to remove grease and dirt. The non-alcohol based hand sanitisers evaporate as you rub your hands together killing 99.99% of germs.

Waterless bathing and antibacterial products are gaining rapid popularity with many people including those with bathing difficulties or painful joints, care workers, nursing homes, emergency services, mobile hairdressers, outdoor pursuits, public attractions and many more...

* Waterless Shampoo

Soft clean hair without water - smells great too.

* Waterless Hair Conditioner

Eliminates tangled hair, soft, silky and easy to manage - leaves no residue.

* Waterless Shampoo Caps

Contains shampoo and conditioner. Massage, remove & towel dry. Can be warmed in a microwave before use!

* Antibacterial Bathing Wipes

Thick and luxurious, antibacterial & alcohol free (won't dry the skin). Can be warmed in the microwave

before use!

* Waterless Body Wash

Moisturises washes and deodorises your skin leaving you feeling refreshed and clean - safe perineal cleaner.

* Alcohol-Free Foaming Hand Santiser

Kills 99.99% of germs in 30 seconds, keeps your hands soft and healthy. Alcohol free (non flammable, won't dry the hands or remove nail polish - leaves no residue), suitable for multiple use and religions that prohibit alcohol contact. Child version available.

Order online or by telephone - see website for more details or ask for a leaflet.
